

Aeration System

Little Giant's® multi-functional aeration and fountain system is capable of moving up to 500 gpm for bodies of water up to half an acre in size.

With the easy installation of a fountain nozzle, the aerator is transformed into an attractive fountain display. Whether your primary goal is aesthetics or biological pond health, Little Giant offers this easy-to-use, reliable, all-in-one solution to keep your body of water clean and healthy.
