

CLEARGUARD 9 WATT UV COMPONENTS

DESIGN DIFFERENCES

1) NEW DESIGN DESCRIPTION: New Blue Bay Ballast with three blade plug, Clear Cover with a ring magnet, Socket with built-in Internal Magnetic Safety Switch, Black Neck Quartz sleeve, Gasket / O-ring seal, Original 9 Watt lamp

2) ORIGINAL DESIGN DESCRIPTION: Original TDC Ballast with two blade plug, Clear Lock Ring, Surface mounted Safety Switch, Clear Neck Quartz Sleeve, Two O-ring seal, Original 9 Watt lamp.

COMPATIBILITY BETWEEN VERSIONS

1) NEW / ORIGINAL DESIGN COMPATIBILITY: New design uses the identical 9 watt lamp as the original design. The Black Neck Quartz sleeve from the new design can be used with the original design components, but always must be paired with the new flat gasket and Larger O-ring seal set.
